On Tuesday the 6th September, eight students and two adults (Laurena Grieger and Hayward Paynter) departed for the Royal Adelaide Show with three Merino Wethers, six Boer Goats and two pigs. There was fire in the eyes and grit in their step ready to compete and show the rest of the schools in the state that Waikerie High School is outstanding in Agriculture.

Wednesday 7th, was an early start, having woken up at 5:30am to be at the Show Grounds by 7am to prepare and ensure the animal enclosures were clean and ready for the day. This day saw a number of different events occur, plus the arrival of four more excited students with Mr McLaren for the sheep leading competition. It all started at 8:30am with the sheep, who were judged on a number of qualities from the pen of best three, fleece value, estimated carcase value, skin value, weight gain and the overall champion. After a full day of handling sheep and ensuring their animals had plenty of feed and water the students were unfortunately robbed of a placing in any category, however the experience that the students had in meeting new people and talking to industry reps made up for the lack of ribbons.

Also on the Wednesday 7th, the goats commenced their competition with the weights, muscle depth and fat depth being collected for each. After a nerve wracking few minutes two of our goats were disqualified from competition as they didn’t make the appropriate weight ranges. Disheartened, these students departed with their goats only to be called back to be re-weighed as the scales were out of calibration. Succeeding in remain in the running for all competitions the goats returned to their pens where the students prepared them for the Grand Parade, which started at 3:00pm.

Thursday 8th, saw the students up bright and early again, eager to see their goats and prepare them for the big day of judging. After another cleaning, the students and goats were ready for their big day of showing and competing. First off the rank was Deanna Wyld with the goat Kevin, Emily Adams with Ace and Tommy Hurley with Shaggy in Class 1 Chevon. After much nail biting and a few hopeful reordering’s of the line-up Deanna Wyld and Kevin walked away with a 4th place and Tommy Hurley and Shaggy would have had 8th (unfortunately they didn’t have ribbons for 8th). Josh McKay, with the goat Zeus and Shayne Napper with Brendon were up next in Class 2 Chevon and they demolished the competition with Josh taking 1st place ribbon and Shayne taking 5th. Finally Daniel Rowe along with Harold stepped into the ring the anticipation built up as they paraded around the ring and were the first to be selected in the line-up. Slowly the line-up

Continued from page 1

filled and then the judge started the re-order, nervously watching as the last competitor for Waikerie was examined and shuffled to the side allowing Daniel to claim 3rd in the Heavy Export Class.

Friday the 9th saw 10 weary and tired competitors wake up and travel to the show for the last event, the schools Pig Handling Competition. After a quick wash, the pigs were ready. The competition started at 10am with the students learning a simple yet difficult course to move the pigs through. Eventually it was Waikerie’s turn to be represented with Daniel Fullagar and Tommy Hurley stepping into the ring. Unfortunately our pigs were not being cooperative causing many delays and difficulties to occur during the event. Once finished, Sarah Reusch and Emily Adams stepped in and proved, again after last year’s effort, that little pigs do not follow instructions. Finally the anticipation built and in stepped James McLean and Craig Neal ready and raring to outshine all the competitors. Through excellent team work and excellent training these two gentlemen sped through the course with little stress to the animals. This quick movement and calm approach resulted with both boys walking away with a 1st Place ribbon to show for their efforts.

Special thanks to Laurena and Chris Grieger who were outstanding help in organising and preparing for the event. All the parents who supplied food, which was excellent, Riverhaven Enterprises (Mark McLean) who is the supplier of our pigs, Borung Merino Stud (Brenton Kroehn) for supplying the sheep for show, Rob McLaren for driving the students down for the sheep leading and all those who supported the team in some way or another. Finally thank you and well done to Josh McKay, Daniel Rowe, Tommy Hurley, Shayne Napper, Deanna Wyld, Sarah Reusch, Emily Adams, Daniel Fullagar, Jesse Ebert-Hudson, Damon Perks, Barry Cavanaugh, Joseph Whitehead, James McLean and Craig Neal for taking the time to prepare and train the animals for the show.

Hayward Paynter
Agriculture Teacher

PRINCIPAL’S REPORT

TAFE SA and WAIKERIE HIGH SCHOOL – PARTNERSHIP IN LEARNING

Dear Parent,

As Principal of Waikerie High School, I’m pleased to report that I’ve reached agreement with TAFE SA for us to use their building as a much-needed SPACE for learning. At present we are using it as a learning hub around “Quicksmart” lessons in Literacy and Numeracy. We are looking to further develop the spaces around Performing Arts and a Learning Hub for the high school.
TAFE SA’s need for space at the Waikerie Campus has steadily decreased over time, with all TAFE SA training in the area now being conducted at off-campus sites, online or at other TAFE SA campuses. This has created the opportunity for Waikerie High School (WHS) to move into the unused space.

TAFE SA will continue to deliver Automotive, Electrotechnology, Air-Conditioning and Refrigeration, Hairdressing, Accounting, Financial Services and other training as needed in and around Waikerie using the flexible training methods that people asked for in the Improving Access to Education consultation conducted last year, such as online learning, mobile classroom units and hands-on training in local facilities.

Any TAFE SA students affected by these pending changes will be contacted and supported to ensure they can complete their qualifications with minimal disruption. These developments in the Riverland are truly exciting and promise great outcomes for students, the community and local industry. The transition will occur gradually over the next six months.

Should you have any questions regarding TAFE SA training, please do not hesitate to contact the Waikerie High School front office, TAFE SA’s Regional Business Development Officer for the Riverland, Brett Ancell (email brett.ancell@tafes.edu.au) or TAFE SA Regional Manager Julie Robertson on (08) 8595 2605.

STEMWORKS
As many of you might be aware of Waikerie High School is one of 139 South Australian public schools selected to be part of the $250 million STEM Works program. We have been provided with STEMWORKS funding of $2.5 million to develop our facilities for learning in STEM.

STEM is the name given to the study of science, technology, engineering and mathematics. These subjects are often taught together in recognition of their interrelationship.

Across the state the program will deliver upgraded learning facilities for around 75,000 students, or more than 45% of students attending South Australian government schools.

Projects will be delivered across the state to create local jobs and use local materials whenever possible. The projects will be fast tracked, with projects scheduled for completion by the end of 2018.

When combined with cutting edge teaching and learning, STEM Works will help prepare students for the jobs of the future. I will keep you informed as we progress through the stages of development of this very exciting project.

Rob McLaren
Principal

UNIVERSITY ENTRANCE
All students considering a pathway into University should have entered their preferences on the SATAC website. Students have the opportunity to make changes up until the 30th September. Please ensure you have completed this process to avoid any late fees.

Next Wednesday 21st September, students will be sitting the Flinders University Test which is simply another tool that can help gain entrance to this site.

SUBJECT SELECTION FOR 2017
This process has now finished and we are currently looking at classes for next year. Thank you to all students and parents for your cooperation with the new Web Based Preferences system. This has been highly successful and allows for a quicker, more efficient process. Any students that need re-counselling due to class numbers will be notified.

END OF TERM
Reminder to all that this is a particularly busy time in terms of assessment. Please continue to support students to ensure they meet deadlines. For many of the senior students, a focus will shift from completion of folio work and move to exam preparation. We encourage students to communicate with their teachers to help with demands.

Craig Griffiths
Assistant Principal- Senior School

MUSIC NIGHT
THURSDAY 29TH SEPTEMBER
Thursday night of Week 10 (29th September) will be our Waikerie High School Music Night. This year it has been organised by Renee Bell for Year 12 Music Individual Study. The night is set to start at 6:30pm with a $5 entry. There will be nibbles provided from the canteen with many more items available to be purchased. Save the date, sing and dance along and support our students whilst they perform pieces from the 80’s and 90’s!

Anne Leahy
Music Teacher

DEBATE UPDATE
I am extremely pleased to report that all debating teams have made it to the final round. On Wednesday 28th September, all teams will compete at Glossop High School. The Year 8 and 10s will take on Loxton High School, while the Year 9s will challenge Glossop High School. We are incredibly proud of all teams to make it this far and look forward to reporting the final result.

Rebecca Smitran and Donna Haynes
Debating Coordinators
C.A.S. HAWKER SCHOLARSHIP

The 2017 C.A.S. Hawker Scholarships open on Monday 5th December and will close on Friday 6th January 2017.

The C.A.S. Hawker Scholarship is one of the most generous privately funded scholarships available to undergraduate and post-graduate students in Australia. Each residential scholarship is valued at up to $60,000 over 3 years.

Information about the C.A.S. Hawker Scholarship and an application form is available at www.hawkerscholarship.org or by contacting the secretary to the Trustees in Adelaide on (08) 8127 1654.

C.A.S. Scholarships are available to all Australian students. The majority have been awarded to students entering their first year of university study. Since 1990, the Trustees have awarded 114 C.A.S. Hawker Scholarships.

Selection is based not only on academic ability but also on personal qualities and demonstrated leadership.

Australian Government Mobile Service Centres travel to rural and regional locations. The Mobile Service Centres provide an opportunity for personalised service to community members who may not have easy access to a Department of Human Services office. Staff who travel with the Service Centres can assist with a range of Program services such as Centrelink, Child Support, Medicare, ATO and Australian Hearing. A unique feature is the Australian Hearing touch screen that enables customers to perform hearing assessments.

A Social Worker will also be available.

The Mobile Service Centres are equipped with:
- a private interview room
- a soundproof Australian Hearing testing room
- service/assistance desks
- a waiting area
- a publication display area
- self-service computer access
- LCD display screens
- disabled access
- wireless IT connectivity for greater servicing flexibility.

For more information on Australian Government Mobile Service Centres, visit the Department of Human Services website (link below). A Mobile Service Centre Fact Sheet is also attached to this email for your convenience.

WAIKERIE HOSTS 5 –A–SIDE SOCCER CARNIVAL

The four Riverland Secondary Schools competed in the annual Year 8-10 small sided soccer carnival last Thursday the 8th of September. The games were played in high spirit and students showed great sportsmanship. Low importance is placed on winning and the event is more about getting the four schools together and giving students the opportunity to play soccer in a competitive environment. The rain held off until the final few minutes of the final round so most students were involved in five or six 15 minute games.

Particular thanks goes to the players that not only played but umpired and then packed up in the rain.

Year 10 student Blake Schober was excellent in fulfilling his administration roll by keeping an eye on the timing of games and collating the results. Thanks to Ms Lee Shaw, Mrs Cheri Layton and Mrs Virginia Hillier for their help administrating and providing first aid on the day.

The Sports Centre kept the masses happy with food and drink and the council again showcased our town’s amazing facilities with the grounds in pristine condition.

A reminder that the school will reward students with these sporting opportunities that show the values of the school and are keeping up to date academically (traffic light data is used as a guide).

Cancer’s different in a young person’s world

We get it

Just when life should be full of possibilities, cancer crashes into a young person’s world and shatters everything. CanTeen is the game-changer.

We help young people cope with cancer in their family, rebuild their foundations and connect with others in the same boat. That’s how CanTeen is the difference.

Who we support

CanTeen works with 12-24 year olds who are dealing with:

• having cancer themselves
• a parent, brother or sister’s cancer
• the death of a parent, brother or sister

How we help

There’s no one size fits all. We tailor our range of services to help each young person cope with the impact cancer is having on their life.

Peer support

Through CanTeen, young people affected by cancer can meet and be supported by others their age who truly understand what they’re going through. They can share experiences through our online community or attend CanTeen Camps or Recreation Days, where they can make new friends, develop coping skills and have a lot of fun too.

Counselling

CanTeen’s specially trained counsellors give young people a safe space to talk about difficult thoughts and feelings and help them develop coping strategies. Sadness, anxiety and grief don’t stick to business hours so neither do we. Online and phone counselling is available seven days a week and they can also meet a counsellor face to face.

Information and advice

CanTeen has information and advice about the challenges young people face, from how to talk to friends about cancer to what all the medical jargon means.

Youth Cancer Services

The Youth Cancer Services, which receive federal funding through CanTeen as well as state and territory government funding, provide specialist, age-appropriate treatment and support for young cancer patients aged 15 - 25.

Refer a young person to CanTeen by:

• Calling us (ideally together) on 1800 835 932
• Getting permission to pass on their details and we’ll call them
• Encouraging them to join our online community at www.canteen.org.au/join

Online support

CanTeen provides world-leading online support for young people living with cancer. At canteen.org.au, they have 24/7 access to a secure online community just for young people like them and can chat to a counsellor using instant messaging or email.

Leadership development

CanTeen is passionate about empowerment and is proud to have young people providing direction and advice at all levels of the organisation, including the Board of Directors.

“When Mum was diagnosed, I didn’t know how to react because all I knew about cancer was that people died from it. I was scared for her and didn’t want to lose her. These were the only things going through my head, all day and every day. CanTeen helped me cope. If it wasn’t for CanTeen, I don’t think I’d be the person I am today.”

Olly, Age 17

RIVERLAND JUNIOR MOTORCYCLE CLUB INC.

Dear Principal,

The Riverland Junior Motorcycle Club will be holding a Junior National event from the 24th September to the 1st October 2016 at the Renmark track situated between Berri and Renmark.

This event only comes to South Australia once every 5 years, so it is very exciting for the Riverland club to have secured this event, which will attract between 500 and 700 riders.

We are inviting your school to come along and watch the best Junior moto riders in Australia and with a very exciting day of racing at a fantastic venue.

For just a $2 charge per person which will be donated to a fantastic cause, the Royal Flying Doctors Service.

So come along and watch some champion riders in action.

Gates open at 9am, any further enquiries or to accept our invitation please don’t hesitate to call me on the phone number below

Hope to see you there

Regards

Linda Vagg

Dear Parents/Caregivers

Waikerie High School is holding an information session in regards to a ‘Student Funded Laptop Program’, starting with Yr. 9 students in 2017. We encourage all Parents/Caregivers of current Yr. 8 students to attend. You will be guided through our vision of a 1:1 computing environment and the benefits of moving in this direction. Although this is aimed specifically for Yr. 9 students in 2017, the program is available to all students of Waikerie High School. All Parents/Caregivers are welcomed to attend the session. There will be guest speakers during the information session. These include Staples, who are involved in ‘Technology Solutions’ around a 1:1 school portal and leasing arrangements, and Dell, recommended supplier of laptop devices. They will share their experiences of how other schools have adopted similar schemes and how it can be affordable to all families. Our main focus is giving each student the ability to study in a 24/7 mobile learning environment.

After the information session, parents and caregivers will be asked to go away from the session and think about the proposal. If there are any questions that parents/caregivers have during this time, you are more than welcome to contact the school. A survey will be sent home to allow you to make a decision whether Waikerie High School will have a 1:1 program. Your feedback from the survey will determine the future of this proposal.

If you are able to attend, please return the tear off slip Monday 19th September.

Venue - Waikerie High School Hall
Date – Thursday 22nd September 2016
Time – 6pm Start

Regards

Dion Higgins
Technology Coordinator

Rob McLaren
